

Awards and Recognition

Bangladesh Agricultural University Research System (BAURES) is going to officially recognize the outstanding BAU researchers for their contributions in terms of global research impact. This year BAU is going to honor top 5 researchers on the basis of the highest *h*-index score. In addition, the names of top 25 researchers based on *h*-index have been listed. The *h*-index score, automatically calculated by ResearchGate, has been taken into consideration for this purpose after proper verification.

Given below is the list of 25 BAU researchers having the highest global impact in terms of *h*-index in 2017.

The top 5 researchers (Serial No. 1 to 5 with *) are honored in 2017.
